

gardener's delight

6' x 9'

The gardener's choice!

For the plant enthusiast who has everything, the Gardener's Delight makes a distinguished potting house.

The sliding window door is easy and convenient for out-of-the-way access and allows you to get more usage out of the structure's porch.

It includes two functional pop-out window walls that can be positioned on any wall of your choice, allowing you to customize the Gardener's Delight to suit your needs.

The Gardener's Delight also makes a great playhouse.

Gardener's Delight above built by Mark Trueman of Calgary, Alberta

"My Gardener's Delight is on a garden tour in late May, and I have a stack of brochures supplied by my dealer (at my request) in case someone wants to know more about purchasing one."

Kathy Pifari of Plymouth, California
