

Kolkka

The Kolkka adorns any corner of the garden and its large windows and double doors provide plenty of light. The 'L' shaped design enables you to create different areas and space. Comes complete with decked terrace.

Note: The ceiling is finished in spruce plywood board.
Windows on this model are fixed. For further details please ask your stockist

Depth	2.940m	3.050m
Ridge Height	-	2.930m
Area	12.17m ²	12.96m ²

Mokki 210

The Mokki 210 provides the ideal space for a variety of uses. There are lockable double doors to the front and the clever 'tilt and turn' window mechanism enables you to open the window in two different ways, conventionally from the side or tilted from the bottom. Also benefits from a low door threshold.
