

Prima

Prima Royal Garden

ca. 400 cm / 44 mm

An unique garden house with a charming appearance. The attractive skylight on the roof allows a lot of light coming in. Therefore the Prima Royal Garden can be used as an atelier for painting. (the building shown on the picture is used as an atelier).

The roof is delivered as a building kit, meaning separate rafters, roof beams and shingles. The skylight is also delivered as a building kit.

Prima Royal Garden

Standard package: 2 casement windows PE40 (outward opening) and a double door PE41 with brass metalwork. Wave fascia boards are standard but only possible with a shingled roof. Windows and doors also available in double glazed.

Article number:

With shingled roof PRC02

The windows and doors are also available with a colour-glazed upper part (see picture).

The Royal Garden is delivered with pressure-impregnated foundation beams, brass metalwork and an aluminium weather vane/witch or a brass or chrome plated ball. A wooden floor is optional (see pricelist). The standard colour of the shingles is green, if you would like another colour (red, black, brown or blue) please mention this on your order. On the top of this page you can find several pictures of the Royal Garden with different windows and doors.
